EPISCOPAL CHURCH BENEFIT

The largest sale of candy of any benefit given this season is reported as being made in the Tabb lobby and members are hoping to realize something over \$100. We are glad that these entertainments are proving so popular to the different churches and are proving the means of getting out such good audiences on these events.

High School vs. State Freshies Friday

There are three kinds of luck, "good luck," "tough luck" and "no luck," the latter being the type of luck with which the local boys started the football season, but by hard work and strong coaching they have won the last two games, defeating Madison High and Carlisle, one of the oldest rivals.

The line of defense for Friday will consist of Garrison, Bush, Gillespie, Morris, Benton, W. Davis, Stamper, Hodges, Rooney, Prewitt, Back and Hunt. In the backfield will be Drenner, Blevins, Coons and Davis.

The local boys will be put to the acid test Friday and with the spirit that prevails the coaches feel sure the boys will overcome the strong State team. Game called at 3 o'clock. Admission, 35 cents.

FILIPINO MIDGETS HAVE ARRIVED IN MT. STERLING

These wonderful little people without a doubt the two smallest living adults in the world, have arrived in Mt. Sterling. The little man is just 24 inches in height; his sister is 21 inches. These little people dance and entertain, are bright and intelligent—a remarkable couple.

Spunk makes you look realities in the face without blinking. It is the only bridge that will lead you over the chasm of failure into the land of success.

Heads Deny Power To Call Off Strike

More than 300 railway conductors of the Chesapeake & Ohio railroad, on the Lexington-Louisville division, have received orders to go on strike November 3, according to John D. Kinsella, of Lexington.

Mr. Kinsella is a member of the Lexington Division, No. 239, of the railway conductors' brotherhood, which has headquarters at Ashland, Ky. L. E. Shepherd, Cedar Rapids, Iowa, is president, and R. F. Gillespie, Ashland, chairman of the brotherhood. The men are waiting instructions from Chicago, Mr. Kinsella declared, and unless they hear orders to the contrary will go out on strike November 3.

W. P. Frost, Lexington, general chairman of the Brotherhood of Railway Trainmen of the C. & O., is in Chicago consulting with officials there.

Executives of the big four brotherhoods and the switchmen's union of North America, after a day of verbal jockeying with the railroad labor board, declared late yesterday that no power on earth save a "satisfactory settlement" can prevent their men walking out, beginning on next Sunday.

The decision came at the close of a day of fruitless questioning when Judge R. M. Barton, chairman of the labor boards, called each union president in turn and asked him four prepared questions, the third of which was:

"If the board shall declare a strike is not justified and should not occur and direct that the employees not strike, will that order be obeyed?"

The union chiefs, Warren S. Stone, of the engineers; W. G. Lee, of the trainmen; L. E. Shepherd, of the conductors; W. S. Carter, of the firemen, and T. C. Cashan, of the switchmen, declared in turn they had no power to cancel the strike order and expressed the individual opinion that their men would not obey an order from them or the board to remain at work; and reiterated their previous declarations that only a "satisfactory settlement" could avert the walkout.

Such a settlement, they said, would be reconsidered action by the board of its twelve per cent wage reduction order of last July 1, or a movement by the individual railroads to confer with the unions and set aside the board's order.

The government will make its final attempt to prevent the threatened general strike today when presidents, general chairmen and executive committees of the five train service unions meet at a conference reported to have been arranged at the instigation of the Railroad Labor Board.

Another thing to worry about: If all the automobiles manufactured in the United States in 1919 were set on the Atlantic, they would sink.

Judging from the cheeks of the women you pass on the streets, this country is getting along finely without German dye coloring.

CATTLE SHIPPED

H. S. Caywood shipped yesterday 120 head of export cattle, weight 1,550 pounds, which were purchased from Owings Bros. Also 58 head, weight 1,550 pounds, of Lucien Bridgforth; 36 head of 1,450-pound cattle of Anderson Bogie and will ship for Mark Prewitt the coming Saturday 101 head that weigh 1,550 pounds. These cattle brought an aggregate of about \$50,000. Other shipments are being made, which will make a very large grand total. These cattle go to Swift & Co.

H. S. Caywood bought of Robert Gordon 18 head of 100-pound shoats at 7 1-4 cents per pound.

BARREN FARMERS STUDY SOYBEAN CROP IN FIELD

Barren county farmers recently had an opportunity of seeing what different varieties of soybeans would do on their farms when they attended a meeting on the farm of J. O. Garman, who conducted a variety demonstration on this crop in co-operation with County Agent J. O. Horning and the extension division of the College of Agriculture. Mr. Garman used nine varieties of beans in the test which aroused considerable interest among those who attended the meeting.

If a man would keep his ears covered all the time like a girl does, he wouldn't wash them as often as a girl does.
